

PROCUREMENT SERVICES

HOW WE HELP

HCP Cureblindness' procurement team uses its years of experience researching and locating eye care equipment and consumables for all eye care sub-specialities to select and secure the right quality product, delivered in the right quantity, to the right place, at the right time, and the right price.

An initial consultation will help us determine what equipment best meets your project needs. We are also able to fulfill specific equipment requests.

HCP's established relationships allow us to navigate the nuanced supply chain systems to negotiate items at the lowest cost with the quickest delivery. Our staff is able to complete most orders as quickly as in a few weeks.

PARTNERS IN CARE

HCP Cureblindness has established itself as a long-standing, reliable resource for our partners around the world, with over two decades of cost-effective, mission-appropriate, on-deadline project management.

HCP Cureblindness procures equipment and consumables for its own mission-focused projects throughout South Asia and sub-Saharan Africa, working with more than 35 country partners in Ethiopia, Ghana, Nepal and Bhutan.

ENHANCE GLOBAL PROJECTS

When you leverage HCP's purchasing power, you can increase your own organization's purchasing power, enhancing the impact and value of its global projects.

Assess Need(s) | Explore Costs/Fees | Set Timeline/Deadline

RESEARCH/PROCUREMENT

Determine and Locate Best Equipment | Negotiate Lowest Price

EQUIPMENT DELIVERY

Provide Correct Paperwork: Certificate of Origin / Certificate of Analysis /
CE Certificates / FD Certificates

"We have worked successfully with HCP's procurement team for more than 10 years to source equipment and supplies for our vision projects globally. This has greatly simplified our procurement process and allowed us to supply items from a range of sources **we would not be able to do on our own.**"

-Eric Wunderlich, The Church of Jesus Christ of Latter-day Saints

AROUND THE GLOBE

Since 2012, HCP has helped NGO leaders in eye care to procure and deliver high quality medical equipment and consumables at low costs. Procured items totaling more than \$2.9 million dollars have supported initiatives in over 45 countries around the globe.

ABOUT THE WORK OF HCP CUREBLINDNESS

HCP Cureblindness enables countries to cure needless blindness by developing high-quality, cost-effective eye care in underserved areas of the world. HCP Cureblindness is a private, non-profit, 501c3 organization.
